Circular economy in the municipality of Trelleborg

Sustainability Manager, Lina Wedin Hansson
The Department of Sustainable Development works towards increased knowledge and realisation of a development that respects people, nature and our limited resources, guided by Agenda 2030.
A Circular Trelleborg

- Future Science Park
- Collaboration with private sector
- Construction sector
- Circular Procurement
- Food industry in focus!
Integrating environment!
Everybody on board!
Resource efficiency!
Highest quality of life!
Multidisciplinary competencies to face komplex challenges and ensure development.
